To:

The Director,
Southern Regional Office,
All India Council for Technical Education,
Shastri Bavan, 26, Haddows Road,
Nungampakkam,
Chennai 600 006.

Sir,

Meenakshi Ramaswamy Engineering College maintains a well-designed infrastructure with built-in fire safety features to mitigate the risk of fire incidents. The campus buildings are equipped with fire-resistant materials, fire extinguishers and emergency exit signs to ensure prompt detection, suppression, and evacuation in the event of a fire emergency.

The college conducts regular inspections, testing, and maintenance of fire safety equipment and systems to ensure their proper functioning and compliance with safety standards and regulations. This includes fire extinguisher refilling, fire hydrant maintenance, and fire drill exercises to prepare occupants for emergency situations.

Meenakshi Ramaswamy Engineering College collaborates with local fire departments, emergency response agencies, and safety authorities to exchange information, seek guidance, and enhance fire safety preparedness. Joint drills, mock exercises, and tabletop simulations are conducted in collaboration with fire department officials to test and evaluate emergency response capabilities.

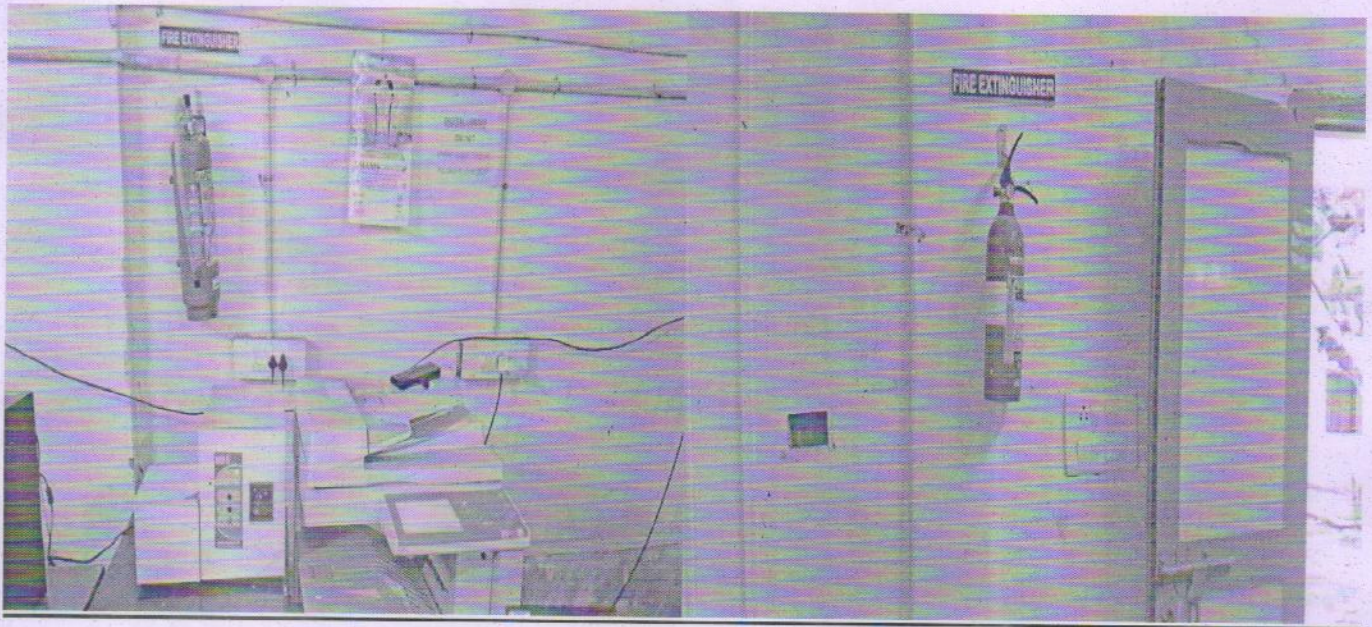

Thanking you,

With regards,

PRINCIPAL
